

THE EMERSON: A Pollinator-Friendly Parking Strip

SIZE: 40 x 6 ft. | 1 square = approximately 2 sq. ft. | 240 sq. ft.*

*To qualify for SpokaneScape rebates and the square foot minimums, consider repeating parts of this design to fit your unique space. Consult with the SpokaneScape team for your specific needs.

ABOUT THIS DESIGN:

This colorful perennial water-wise landscape is meant for spaces with 6+ hours of direct sun per day. These pollinator-friendly perennials provide year-round color, texture, and interest for your unique landscape. Make sure to leave room for guests to enter your property with a permeable pathway. A perfect design for your parking strip or for the edge of your lot!

SUGGESTED PLANTS (at avg. maturity):

- A: Lavender "Hidcote" (18x20 in) = 12
- B: Fountain Grass (3x3 ft) = 6
- C: Woolly Thyme (6x12 in) = 16
- D: Yarrow "Paprika" (3x2 ft) = 6
- E: Rudbeckia "Goldsturm" (3x2 ft) = 12
