

THE MANITO: A Meandering Pollinator-Friendly Garden

SIZE: 40 x 12 ft. | 1 square = approximately 2 sq. ft. | 480 sq. ft.

ABOUT THIS DESIGN:

Create your own abundant water-wise landscape full of colors and textures that will draw your eye (and pollinators) throughout the seasons. A permeable meandering 2 ft. path will allow you to enjoy and care for this space year-round. Consider a birdbath to welcome birds! Designed for 6+ hours of sun a day.
